

## Hydraulic Cylinder Of Engineering Professional Design And Manufacturing

### Our Product Introduction

#### Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-C001

#### Product Specification

- Highlight: Manufacturing Hydraulic Cylinder, Professional Design Hydraulic Cylinder, Engineering Hydraulic Cylinder

## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

General specifications:

1. Material: CK20; CK45; 27SiMn; 20MnTiB
2. Length: ≤3000mm
3. Diameter: 40mm-350mm
4. Heat treatment: temperHB260-300
5. Corrosion prevention: plated Cr; Soluble Cu

Application:

Road machinery  
Construction machinery  
Hoisting machinery  
Excavator/scrapper machinery  
Agricultural machinery  
Mining machinery  
Metallurgical equipment  
Special vehicle  
Customer ordered

## PRODUCT APPLICATIONS

Our advantages:

Independent design and calculation  
Good knowledge of the specialty  
Reliable processing technology  
Serious attitude and good capability  
Perfect quality management system  
Highly recommended as a honesty company  
Provide custom made manufacturing service according to specific requirement

You can get one-stop service here:

1. Professional engineers for designing and improving before ordering.
2. Professional equipment for machining and producing after ordering
3. Professional inspection control system for checking the quality before shipping

How can we guarantee quality?

Always a pre-production sample before mass production,  
Always process with professional design and production team  
Always 100% final inspection before shipping

Customer built is the first principle for us.

Factory Price + Senior Design and Production Team + Adequate Supply Capacity + Professional Quality Control + Punctual delivery time

Customized common questions:

Q1. What does your company do?

A: We are a supplier of high quality hydraulic cylinders and cylinder components.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. How long has your company run in Hydraulic Fields?

A: Over 30 years.

Q4. How to get a quotation?

As our products are non-standard products, we need customers to provide specific drawings for quotation.

The raw materials used, difficulty of processing, quality requirements, quantity demanded and type of packaging will all have an impact on the price. The more detailed the information you provide, the more accurate our quotation will be.

Q5. How long is your delivery time?

A: The delivery time depends on the raw materials used, difficulty of processing, quantity demanded, type of packaging and other factors. But we will do our best to meet customer requirements.
