

## Customized Hydraulic Cylinder For Metallurgical Equipment

### Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-C004

### Product Specification

- Highlight: Customized Hydraulic Cylinder,  
Metallurgical Equipment Hydraulic Cylinder,  
Hydraulic Cylinder For Metallurgical Equipment

## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

General specifications:

Rated working pressure:  $\leq 16\text{MPa}$

Applicable temperature:  $-40 \sim +80$

Working medium: hydraulic oil; mechanical oil

Connecting method: flange, earring, hinge, tripod and others, total 13 types.

Cylinder Dia.	Rod Dia. (mm)		Working pressure 16 MPa			Port size		Maximum stroke
$\phi$ AL	Velocity Ratio $\psi$		Pull action (kN)			Dia.	Connections on thread	mm
mm	1.46	2	Push action (kN)	$\psi=1.46$	$\psi=2$			
40	22	28	20.11	14.02	10.25	10	M18X1.5	1500
50	28	36	31.42	21.56	15.13	10	M18X1.5	1500
63	36	45	49.88	33.59	24.43	15	M27X2	1500
80	45	56	80.42	54.98	41.02	15	M27X2	1500
100	56	70	125.66	86.26	64.08	20	M33X2	1500
125	70	90	196.35	134.77	94.56	20	M33X2	1500
160	90	110	321.7	219.91	169.65	25	M42X2	1500
180	100	125	407.15	281.49	210.8	32	M48X2	1500
200	110	140	502.65	350.6	256.35	32	M48X2	1500

Our advantages:

Independent design and calculation

Good knowledge of the specialty

Reliable processing technology

Serious attitude and good capability

Perfect quality management system

Highly recommended as a honesty company

Provide custom made manufacturing service according to specific requirement

You can get one-stop service here:

1. Professional engineers for designing and improving before ordering.
2. Professional equipment for machining and producing after ordering
3. Professional inspection control system for checking the quality before shipping

Factory Price + Senior Design and Production Team + Adequate Supply Capacity + Professional Quality Control + Punctual delivery time

Customized common questions:

Q1. What does your company do?

A: We are a supplier of high quality hydraulic cylinders and cylinder components.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. How long has your company run in Hydraulic Fields?

A: Over 50 years.

Q4. How to get a quotation?

As our products are non-standard products, we need customers to provide specific drawings for quotation.

The raw materials used, difficulty of processing, quality requirements, quantity demanded and type of packaging will all have an impact on the price. The more detailed the information you provide, the more accurate our quotation will be.

Q5. How long is your delivery time?

A: The delivery time depends on the raw materials used, difficulty of processing, quantity demanded, type of packaging and other factors. But we will do our best to meet customer requirements.
