

Customized Hydraulic Cylinder For Vehicles

Our Product Introduction

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-C005

Product Specification

- Highlight: Customized Hydraulic Cylinder, vehicles Hydraulic Cylinder, Hydraulic Cylinder For Vehicles

for more products please visit us on outdoorpower-station.com

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

General specifications:

Rated working pressure: 16MPa; 25MPa

Cylinder Dia.: $\phi 40$ $\phi 200$

Velocity ratio: 1:1.46

Working medium: hydraulic oil; mechanical oil

Applicable temperature: -40 +80

Cylinder Dia. (mm)	Rod Dia. (mm)	Push action (kN)		Pull action (kN)		Maximum stroke (mm)
		16 MPa	25 MPa	16 MPa	25 MPa	
40	22	20100	31410	13800	21560	1500
50	28	31410	49100	21560	33700	1500
63	35	49870	77900	33870	52900	1500
80	45	80430	125660	54980	85900	1500
100	55	125660	196350	86260	134780	1500
125	70	196350	306800	133010	207800	1500
160	90	321540	502400	218210	340950	1500
180	100	406940	635800	281340	439600	1500
200	110	502660	785400	350770	548100	1500

Our advantages:

Independent design and calculation

Good knowledge of the specialty

Reliable processing technology

Serious attitude and good capability

Perfect quality management system

Highly recommended as a honesty company

Provide custom made manufacturing service according to specific requirement

You can get one-stop service here:

1. Professional engineers for designing and improving before ordering.
2. Professional equipment for machining and producing after ordering
3. Professional inspection control system for checking the quality before shipping

Factory Price + Senior Design and Production Team + Adequate Supply Capacity + Professional Quality Control + Punctual delivery time

Customized common questions:

Q1. What does your company do?

A: We are a supplier of high quality hydraulic cylinders and cylinder components.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. How long has your company run in Hydraulic Fields?

A: Over 50 years.

Q4. How to get a quotation?

As our products are non-standard products, we need customers to provide specific drawings for quotation.

The raw materials used, difficulty of processing, quality requirements, quantity demanded and type of packaging will all have an impact on the price. The more detailed the information you provide, the more accurate our quotation will be.

Q5. How long is your delivery time?

A: The delivery time depends on the raw materials used, difficulty of processing, quantity demanded, type of packaging and

other factors. But we will do our best to meet customer requirements.
