

Professional Designed Hydraulic Cylinder For Excavator

Our Product Introduction

for more products please visit us on outdoorpower-station.com

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-C007

Product Specification

- Highlight: Excavator Hydraulic Cylinder,
Professional Hydraulic Cylinder,
Hydraulic Cylinder For Excavator

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

General specifications:

Structure: Piston Cylinder
 Power: Hydraulic
 Body Material: Steel
 Maximum Stroke: 500mm
 Shaft Diameter: 100mm-550mm
 Model Number: Customized
 Material: Steel
 Working Pressure: 24.6Mpa
 Test Pressure: 31Mpa
 Working Temperature: -20 -80
 Rod: Hard Chrome Plated
 Joint Type: Hinge/Pin.....(Customized:yes)
 Cleanliness Level: NAS 1638:6
 Certificate: ISO9001:2008
 Color: Client's Request

Our advantages:

Independent design and calculation
 Good knowledge of the specialty
 Reliable processing technology
 Serious attitude and good capability
 Perfect quality management system
 Highly recommended as a honesty company
 Provide custom made manufacturing service according to specific requirement

You can get one-stop service here:

1. Professional engineers for designing and improving before ordering.
2. Professional equipment for machining and producing after ordering
3. Professional inspection control system for checking the quality before shipping

Factory Price + Senior Design and Production Team + Adequate Supply Capacity + Professional Quality Control + Punctual delivery time

Customized common questions:

Q1. What does your company do?

A: We are a supplier of high quality hydraulic cylinders and cylinder components.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. How long has your company run in Hydraulic Fields?

A: Over 50 years.

Q4. How to get a quotation?

As our products are non-standard products, we need customers to provide specific drawings for quotation.

The raw materials used, difficulty of processing, quality requirements, quantity demanded and type of packaging will all have an impact on the price. The more detailed the information you provide, the more accurate our quotation will be.

Q5. How long is your delivery time?

A: The delivery time depends on the raw materials used, difficulty of processing, quantity demanded, type of packaging and other factors. But we will do our best to meet customer requirements.
