

Customized High Precision Hydraulic Cylinder Components

Our Product Introduction

for more products please visit us on outdoorpower-station.com

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-OTHER002

Product Specification

- Highlight: Customized Hydraulic Cylinder Components, High Precision Hydraulic Cylinder Components

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Product Description:

High precision machining is carried out by CNC machine to ensure the quality

General specifications:

1. Material: CK45;40Cr; 42CrMo; ect.
2. Diameter: 20mm-350mm
3. Heat treatment: temper HB240-280
4. Tolerance: Customer Requirement (ISO f7/f8 ...)
5. Corrosion prevention: Zn; Cu; Black coating
6. Application: Hydraulic Cylinder; customer ordered

Our advantages:

Independent design and calculation
 Good knowledge of the specialty
 Reliable processing technology
 Serious attitude and good capability
 Perfect quality management system
 Highly recommended as a honesty company
 Provide custom made manufacturing service according to specific requirement

How can we guarantee quality?

Always a pre-production sample before mass production,
 Always process with professional design and production team
 Always 100% final inspection before shipping

Factory Price + Senior Design and Production Team + Adequate Supply Capacity + Professional Quality Control + Punctual delivery time

Customized common questions:

Q1. What does your company do?

A: We are a supplier of high quality hydraulic cylinders and cylinder components.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. Can you provide a sample before a big order?

A: Yes, of course.

Q4. How about your quality?

A: We have supplied our hydraulic cylinders and cylinder components to the Europe, South America, North America and domestic customers for over 30 years. We have professional engineers for designing, professional equipment for processing and professional quality control system for checking. We are confidence to supply good products to our customers all over the world.

Q5. How long has your company run in Hydraulic Fields?

A: Over 30 years.

Q6. How to get a quotation?

As our products are non-standard products, we need customers to provide specific drawings for quotation.

The raw materials used, difficulty of processing, quality requirements, quantity demanded and type of packaging will all have an impact on the price. The more detailed the information you provide, the more accurate our quotation will be.

Q7. How long is your delivery time?

A: The delivery time depends on the raw materials used, difficulty of processing, quantity demanded, type of packaging and other factors. But we will do our best to meet customer requirements.
