

High-Performance Starting Battery for Automotive

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-H8-B036

Product Specification

- Type: 12.8V 90Ah
- Typical Capacity: 90Ah
- Minimum Capacity: 80Ah
- Rated Voltage: 12.8V
- Maximum Charging Voltage: 15.0V
- Cut-off Voltage: 12.0V
- Highlight: Automotive Starting Battery,
High Performance Starting Battery,
Starting Battery for Automotive

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Product Description:

Our Durable Starting Batteries are designed to withstand the rigors of everyday use. With a maximum charging voltage of 15.0V, you can be confident that your battery will be fully charged and ready to go when you need it most. Additionally, our internal resistance of $\leq 10\text{m}\Omega$ ensures that your battery won't overheat or become damaged during use.

Our Long-lasting Starting Batteries are capable of delivering a maximum continuous discharge current of 80A, making them ideal for a wide range of vehicles. Whether you need a battery for your car, truck, or SUV, our batteries are up to the task.

At the factory, our batteries are tested and verified to have a voltage range of 12.4-13.2V, ensuring that they are ready to install and use right out of the box. So if you're looking for a reliable, durable, and long-lasting starting battery, look no further than our Stable Starting Batteries.

Technical Parameters:

Type	12.8V 90Ah			
Typical capacity	90Ah			
Minimum capacity	80Ah			
Rated voltage	12.8V			
Maximum charging voltage	15.0V			
Cut-off voltage	12.0V			
Charging current	Standard charging	10A		
	Fast charging	30-90A		
Maximum charging current	90A			
Maximum continuous discharge current	90A			
Maximum starting current	1300CCA			
Battery weight	≈9 kg			
Internal resistance	≤10mΩ			
Factory voltage	12.4-13.2V			
Size	L355*W175*H189 MM (±3MM)			
Charging method	Standard	CC	15A	14.4V cut-off
		CV	14.4V	1A cut-off

Our Powerful Starting Batteries are top-quality and stable, providing reliable starting power for various car models.

Applications:

Mercedes-Benz GLK/Audi A6/BMW 3 Series/Audi A1 & A8/Changan CS75/Audi A4L/BMW 7 Series 9.2/Mercedes-Benz C & E Series

Support and Services:

Our Starting Battery product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experts are available to provide assistance with installation, maintenance, troubleshooting, and repair. We also offer regular maintenance services and battery testing to ensure that your battery is functioning at its best. In addition, we provide warranty support for our products and can assist with any product-related inquiries or concerns. Trust us to provide reliable support and services for your Starting Battery needs.

FAQ:

Q1. What does your company do?

A: National Technology Innovation Demonstration Enterprise & National Electronic Information Industry Leading Enterprises.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. Can you provide a sample before a big order?

A: Yes, of course.

Q4. How to get a quotation?

Just send emails to us, we will offer a competitive price for you.

Q5. How long is your delivery time?

A: The delivery time depends on the quantity you ordered. We will do our best to meet customer requirements.

Q6. How do you make our business long-term and good relationship?

A: We keep good quality with competitive price to ensure our customers benefit.
We respect every customer as our friend and we sincerely do business and make friend with them, no matter where they come from.
