

Aluminium Alloy Frame Portability Electric Wheelchair

Our Product Introduction

for more products please visit us on outdoorpower-station.com

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-DYW-01-8008A

Product Specification

- Frame Material: Aluminium Alloy
- Front Wheel Size: 8"
- Rear Wheel Size: 12"
- Load Capacity: 120 Kgs
- Backrest Height: 430 Mm
- Seat Depth: 410 Mm
- Seat Width: 400 Mm
- Seat Height From The Ground: 500 Mm
- Highlight: Portability Electric Wheelchair,
Aluminium Alloy Frame Wheelchair,
Aluminium Alloy Frame Electric Wheelchair

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Product Description:

Frame: ergonomic design. The use of thickened frame material greatly increases the service life, excellent workmanship. It has the advantages of reversible foot stand, adjustable armrest, folding structure and good safety performance. Surface spray or oxidation treatment shiny smooth feel good.

The backrest Angle is completely designed according to the physiological curvature of the human waist to provide the best support for the human body.

The cushion is made of cloth with a removable thick upper cushion for easy cleaning.

It is equipped with high safety performance anti-slant device.

General specifications:

Frame Material	Steel Tube
Front Tire Material	No pneumatic PU tire (solid tire) or pneumatic tire
Rear Tire Material	Pneumatic rubber tire (includes anti-rollover wheel on both sides)
Surface Treatment	Powder Coating
Frame Material	Aluminium Alloy
Front Wheel Size	8"
Rear Wheel Size	12"
Load Capacity	120 kgs
Backrest Height	430 mm
Seat Depth	410 mm
Seat Width	400 mm
Seat Height from the Ground	500 mm
Dimensions	970*615*900 mm
Motor Power	250W*2
Continuation Mileage	1 Km/Ah
General Parameters	Brushed motor
Top Speed	6 Km/h
Braking System	Inclined ramp braking system (electromagnetic braking system)
Battery	24V 12Ah (Lead-acid batteries)
Package N. W.	25 kgs
Package G. W.	29 kgs
Package Dimensions	660*400*780 mm

Our advantages:

8 Advantageous Functions

Give you a more comfortable driving experience

Long battery life

High quality battery

Easy to fold

Foldable design

Easy to control

The controller is simple
and easy to understand

long life

Frame thickened

More efficient

500W dual motor

More comfortable

Fit the body curve

More safe

EABS brake protection

More freely

Flashlight dual mode
switch

Customer built is the first principle for us.
