

Comfortable Easy to Clean Electric Wheelchair with Anti-backward wheel design

Our Product Introduction

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-DYW-01-8003DT

Product Specification

- Frame Material: Steel Tube
- Front Wheel Size: 10"
- Rear Wheel Size: 16"
- Load Capacity: 120 Kgs
- Backrest Height: 400 Mm
- Seat Depth: 440 Mm
- Seat Width: 455 Mm
- Seat Height From The Ground: 510 Mm
- Highlight: Anti-backward Wheel Electric Wheelchair ,
Comfortable Electric Wheelchair ,
Easy to Clean Electric Wheelchair

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Product Description:

Frame: ergonomic design. The use of thickened frame material greatly increases the service life, excellent workmanship. It has the advantages of reversible foot stand, adjustable armrest, folding structure and good safety performance. Surface spray or oxidation treatment shiny smooth feel good.

The backrest Angle is completely designed according to the physiological curvature of the human waist to provide the best support for the human body.

The cushion is made of cloth with a removable thick upper cushion for easy cleaning.

It is equipped with high safety performance anti-slant device.

General specifications:

Frame Material	Steel Tube
Front Tire Material	No pneumatic PU tire (solid tire) or pneumatic tire
Rear Tire Material	Pneumatic rubber tire (includes anti-rollover wheel on both sides)
Surface Treatment	Powder Coating
Frame Material	Steel Tube
Front Wheel Size	10"
Rear Wheel Size	16"
Load Capacity	120 kgs
Backrest Height	400 mm
Seat Depth	440 mm
Seat Width	455 mm
Seat Height from the Ground	510 mm
Dimensions	1170*650*950 mm
Motor Power	250W*2
Continuation Mileage	1 Km/Ah
General Parameters	Brushed motor
Top Speed	6 Km/h
Braking System	Inclined ramp braking system (electromagnetic braking system)
Battery	24V 12Ah (Lead-acid batteries)
Package N. W.	42 kgs
Package G. W.	46 kgs
Package Dimensions	900*415*765 mm

Anti-backward wheel design ensures wheelchairs are not turned back. Improve security!

Anti-backward wheel design

Anti-tilt wheel design ensures wheelchairs are not turned back
Improve security

Our advantages:

8 Advantageous Functions

Give you a more comfortable driving experience

			
Long battery life	Easy to fold	Easy to control	long life
High quality battery	Foldable design	The controller is simple and easy to understand	Frame thickened
			
More efficient	More comfortable	More safe	More freely
500W dual motor	Fit the body curve	EABS brake protection	Flashlight dual mode switch

Customer built is the first principle for us.
