

## CCS1 To NACS DC Fast Charger Adapter For Tesla

Our Product Introduction

for more products please visit us on [outdoorpower-station.com](http://outdoorpower-station.com)

### Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-CCS1-T-V01

### Product Specification

- Rated Current: 80A
- Rated Voltage: 1000V DC
- Insulation Resistance: >500MΩ (DC1000V)
- Waterproof Grade: IP54(mating)
- Contact Resistance: 0.5MΩ Max
- Plastic Fire Rating: UL94V-0
- Mechanical Life: Unloaded Plugged>10000
- Working Environment Temperature: -30 -50
- Highlight: NACS DC Fast Charger Adapter ,  
Tesla DC Fast Charger Adapter ,  
CCS1 DC Fast Charger Adapter

## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

### Product Description:

【Tesla Compatible】 - This Tesla charger adapter is designed for Tesla Model Y/3/X/S that support CCS charging. Before purchasing, please check whether your Tesla supports CCS by navigating to Controls > Software > Additional Vehicle Information.

【Charge Anytime】 - This CCS1 to Tesla adapter is compatible with any level 3 fast charging station with CCS plug nationwide. Our Tesla adapter is high power charging, providing a full quick charge. Enjoying the convenience and flexibility of charging your Tesla vehicle on the go.

【Safety Protection】 - The Tesla EV charger is constructed with durable materials, ensuring a reliable, secure and efficient connection. Our Tesla charger adapter Works perfectly in operating temperatures from -40°F to +185°F. When the temperature exceeds 185°F, the thermal cutout stops the charging process until the adapter cools down to ambient temperature. Completely prevents contact with enclosed equipment. the tesla charger is IP55 waterproof.

【Easy to use】 - Simply connect the Tesla adapter to the CCS1 cord, then plug the CCS1 charging station into your Tesla port. Wait until the light turns green.

Adapter is designed to seamlessly connect your Tesla vehicle to CCS chargers. The adapter effortlessly bridges the gap between your Tesla and the vast network fast charging locations. Connect your Tesla Model 3 Model Y Model X Model S to all CCS charging stations nationwide with this portable and durable adapter. Expand your fast-charging options and say goodbye to range anxiety.

### General specifications:

Product Type	HD-CCS1-T-V01
Rated Current	200A DC
Rated Voltage	1000V DC
Insulation Resistance	>500MΩ (DC1000V)
Contact Resistance	0.5MΩ Max
Fireproof Grade of Rubber Shell	UL94V-0
Mechanical Life	Unloaded plugged>10000
Waterproof Grade	IP54(mating)
Shell Material	Thermoplastic
Conductor	Copper alloy, silver plated surface
Working environment temperature	-30 -50
Terminal Temperature Riseture	<50K
Insertion and Extraction Force	<100N

## TESLA CCS1 ADAPTER WITH ANTI THEFT DESIGN

Our adapters are made of high-quality fireproof materials with excellent heat resistance

Customer built is the first principle for us.

Factory Price + Senior Design and Production Team + Adequate Supply Capacity + Professional Quality Control + Punctual delivery time

Customized common questions:

Q1. What does your company do?

A: National Technology Innovation Demonstration Enterprise & National Electronic Information Industry Leading Enterprises.

Q2. Are you a manufacturer or a trading company?

A: We are a manufacturer.

Q3. Can you provide a sample before a big order?

A: Yes, of course.

Q4. How to get a quotation?

Just send emails to us, we will offer a competitive price for you.

Q5. How long is your delivery time?

A: The delivery time depends on the quantity you ordered. We will do our best to meet customer requirements.

Q6. How do you make our business long-term and good relationship?

A: We keep good quality with competitive price to ensure our customers benefit.

We respect every customer as our friend and we sincerely do business and make friend with them, no matter where they come from.

om.
