

## Convenient Versatile Portable Outdoor Power Station For Various Electronic Devices

### Our Product Introduction

#### Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-PORTABLE-10

#### Product Specification

- Capacity: 1408Wh
- Size: 360\*270\*280mm
- Weight: 17.5 Kg
- Output Wave: 2200W Pure Sine Wave
- AC Output: 110V 60Hz; 220V 50Hz
- Operate Temperature: -20 -60
- Highlight: Versatile Portable Outdoor Power Station,  
Electronic Devices Portable Outdoor Power Station  
, Convenient Portable Outdoor Power Station

## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

This is a portable power station, commonly used to provide power support for various electronic devices. As shown in the image, this power station is equipped with multiple interfaces, including AC outlets and USB ports, catering to the charging needs of a wide range of devices.

The portable power station is a versatile and reliable source of backup power, ideal for outdoor activities, emergencies, or off-grid living.

In earthquake and tsunami-prone areas, it can form a small power generation system with solar panels to meet emergency electricity demand.

### Product Parameter

Model	PB29Z
Battery Capacity	440000mAh(1408Wh)
Size	360*270*280mm
Weight	17.5KG
DC Input	DC 12-30V(200W, support car charging, Supports simultaneous charging of two 100W solar panels)
DC Output	Car charger plug+DC port(x2): 12V/10A
AC Output	220V 50Hz
USB Output	5V 2.4A*3, QC3.0(5V3A,9V/2A,12V/1.5A)
USB-C Output	PD 100W (5V3A/9V3A/12V3A/15V3A/20V3A/20V5A)*2
Jump Starter Output	12V
Output Wave	2200W sine wave
Start Current	500A
Peak Current	1000A
Discharging Temperature	-20°C~55°C

**Recyclable times  $\geq 2000$  cycles**

LiFePO4 high temperature resistance and safer

### Safety design seven protections

Output short-circuit  
protection

Output over-current  
protection

Over-charge  
protection

Over-discharge  
protection

Over-temperature  
protection

DC anti-reverse  
charge protection

Ultimate low electricity  
consumption protection
