

European Standard Type 2 EV Chargers Power Safety Customization

Our Product Introduction

for more products please visit us on outdoorpower-station.com

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-MRS-Q2GB

Product Specification

- Rated Power: 3.5 KW/7 KW
- Rated Voltage: 85V-265V
- Rated Current: 16 A/ 32 A
- Start Mode: Plug & Play / Bluetooth APP
- Cable Length: 5M (Customizable)
- Display Mode: RGB / LED
- Highlight: **Power EV Chargers,
European Standard Type2 EV Chargers,
Safety EV Chargers**

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

European Standard Type2 EV Chargers: Power, Safety, and Customization

Upgrade your electric vehicle charging with our **Type2 (European standard) EV chargers**—engineered for efficiency, safety, and flexibility. Whether you need a steady 3.5KW or a faster 7KW charge, we deliver performance tailored to European markets.

Key Specifications

Feature	Details
Rated Power	3.5KW / 7KW – Choose the speed that fits your needs.
Rated Voltage	85V-265V – Compatible with European electrical grids.
Rated Current	16A (3.5KW) / 32A (7KW) – Stable power delivery for safe charging.
Start Mode	Plug & Play / Bluetooth APP – Easy operation, anytime, anywhere.
Cable Length	5M (Customizable) – Adapt to your installation space.
Display Mode	RGB / LED – Clear visual feedback for charging status.
Control Box Size	2259550 mm (HWD) – Compact design, ideal for limited spaces.
Protection Rank	IP54 – Dust and water-resistant, built to last in diverse environments.

Safety First, Always

Our chargers include **comprehensive security functions**:

- Low-voltage/high-voltage protection
- Over-current, short-circuit, and overload protection
- Leakage, low-temperature, and high-temperature protection
- Lightning, grounding, and emergency stop protection

Rest easy knowing your vehicle and property are protected.

Customize Your Charger

We offer **OEM customization** to match your brand or project:

- Different country plugs (for pan-European compatibility)
- Custom LOGOs
- Current switch, time delay, full-stop features
- Screen displays for charging status

Make the charger uniquely yours—no matter your business or personal needs.

For Home & Business

Whether you're outfitting a home garage, a fleet depot, or a public charging station, our Type2 chargers deliver reliability and adaptability.

Ready to power up with European-standard excellence? **Contact us today** to discuss your charging needs—let's build a solution that fits you.

Upgrade smart, charge safe, and customize free. Your EV charging, reimaged.
