

CCS1 Adapter for Tesla 250A IP54 Waterproof EV Charger

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-T-CCS1-V01

Product Specification

- Waterproof Grade: IP54
- Current: 250A
- Operating Voltage: 100-1000V DC
- Operating Temperature: -40F-122F
- Anti-theft: Design
- Service Life: 10000 Times
- Highlight: CCS1 Tesla EV charger adapter,
250A waterproof EV charger adapter,
IP54 Tesla charging connector

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

CCS1 Adapter: Redefine Your Tesla Charging Experience

As a Tesla owner, you deserve a charging solution that's as innovative and reliable as your vehicle. Our CCS1 Adapter is precisely what you need to take your charging to the next level.

Seamless Integration

Designed specifically for Tesla vehicles, this adapter integrates seamlessly with your car's charging system. You won't have to deal with complicated setup processes or compatibility issues. Just plug it in and start charging.

High-Performance Charging

With an operating voltage of up to 1000V DC and a maximum current of 250A, our CCS1 Adapter delivers fast and efficient charging. You'll spend less time waiting for your car to charge and more time enjoying the drive.

Robust and Reliable

Constructed with high-quality materials, this adapter is built to withstand the rigors of daily use. The IP54 protection rating ensures it can handle dust and water, while the 10,000-cycle service life means it will be a long-term companion for your Tesla.

Enhanced Safety Features

Safety is at the core of our CCS1 Adapter's design. The anti-theft feature provides added security, and the low contact resistance minimizes the risk of electrical issues. You can charge your vehicle with complete peace of mind.

CCS1 adapter

Power: up to 220kw

Rated Current: 150A~300A

Rated Voltage: 500V~1000V

CCS1 adapter

Our CCS1 Tesla charging adapter is fully tested and FCC and CE certified.
