Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-OL-MODE 2

Product Specification

- Power: 3.5KW
- Rated Current: 16A
- Voltage: 110V/120V/240V
- Color: Black
- LED Indicators: Yes
- Certificate: FCC CE
- Highlight: portable EV charger 16A,
mobile EV charger 3.5KW,
EV charger 110V-240V with warranty

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Portable EV Charger: Your Reliable Charging Companion on the Go

In the rapidly evolving world of electric vehicles, having a dependable and convenient charging solution is essential. Our GBT Portable EV Charger is here to meet all your charging needs, whether you're at home, at work, or on the road.

Exceptional Compatibility

This charger is designed to work seamlessly with a wide range of electric vehicles, thanks to its GBT connector. Whether you're driving a popular EV model or a niche one, you can count on our charger to provide a reliable charge.

Versatile Power Options

With a power output of 3.5KW and a rated current of 16A, this charger offers a versatile charging solution. It can work with voltages ranging from 110V to 240V, making it suitable for use in various regions and with different power sources.

Comprehensive Safety Features

Safety is a top priority with our GBT Portable EV Charger. It comes equipped with multiple safety protections, including short-circuit protection, leakage protection, overload protection, ground protection, lightning protection, overvoltage protection, double temperature rise protection, and hot plug protection. These features ensure that your vehicle and the charger are always safe during the charging process.

User-Friendly Design

The charger is designed with the user in mind. It requires no installation, making it incredibly easy to use. Simply insert the power plug into the wall outlet, link the GBT plug to your electric vehicle, and start charging. The LED indicators provide real-time charging status updates, so you can always stay informed.

Portable and Convenient

Our GBT Portable EV Charger is compact and lightweight, making it easy to carry and store. It comes with a portable bag, so you can keep it in your car for road trips or emergency charging. Whether you're traveling across the country or just running errands around town, you can always have a reliable charging solution at your fingertips.

High-Quality Construction

Built to last, our GBT Portable EV Charger is made from high-quality materials that can withstand the rigors of daily use. The durable construction ensures that it will provide reliable performance for years to come.
