

96W In Car Charging Portable Outdoor Power Station with 8 Hours Recharge Time and 0C-45C Charging Temperature

Basic Information

Product Specification

- Inputs: AC/DC/USB/Type-C
- Warranty: 24 Months
- Weight: 13.32 Lbs
- Solar Charge Time: 7-8 Hours
- Ac Output: 500W
- Additional Features: LCD Screen, Built-in LED Flashlight, Multiple Safety Features
- App: WiFi
- Rated Output Voltage: 100V/ 110V/ 120V220V/ 230V240V
- Highlight:
 - 96W In Car Charging Portable Outdoor Power Station**
 - 8 Hours Recharge Time Portable Power Generator**
 - 0C-45C Charging Temperature Outdoor Power Generator**

Product Description

Convenient In Car Charging 96W Portable Outdoor Power Station

Reliable Power Solution for Outdoor Adventures

This portable power station provides a convenient and efficient power source for camping, tailgating, and outdoor activities. With its compact design and multiple charging options, it ensures you stay powered wherever your adventures take you.

Key Features

- 96W in-car charging** capability for on-the-go power
- 8-hour recharge time** (AC) with 14-hour solar panel option
- Operates in **0°C to 45°C** charging temperatures
- Built-in WiFi for remote monitoring and control
- Compact design at **13.32 lbs** (Green + Black color)
- Includes **24-month warranty** for peace of mind

Technical Specifications

Feature	Specification
USB Output	2 × USB-A (5V, 2.4A), 1 × USB-C (5V, 3A)
DC Output	12V, 10A
Rated Output Voltage	100V/110V/120V/220V/230V/240V
Additional Features	LCD Screen, Built-in LED Flashlight, Multiple Safety Features
Solar Charge Time	7-8 Hours

Applications

This versatile power station is ideal for:

- Camping and outdoor recreation
- Emergency power backup
- RV trips and tailgating
- Remote work sites
- Outdoor events and activities

Customization Options

The power station can be customized with:

- WiFi connectivity for remote monitoring
- 24-month warranty coverage
- Multiple USB output configurations
