Basic Information

Product Specification

- App: WiFi
- Charging Temperature: 0 -45
- Usb Output: 2 X USB-A (5V, 2.4A), 1 X USB-C (5V, 3A)
- Color: Green + Black
- Dc Output: 12V, 10A
- Recharge Time: 8 Hours (AC), 14 Hours (Solar Panel)
- Operating Temperature: -10 ~50
- Warranty: 24 Months
- Highlight: **500W AC Output Portable Outdoor Power Station**
, 12V DC Output Outdoor Power Generator,
Wide Operating Temperature Portable Power Source

Product Description

Portable Outdoor Power Station with Multiple Safety Features

Reliable Power Solution for Outdoor Adventures

The Portable Outdoor Power Station provides a versatile and reliable power source for outdoor activities, emergencies, and more. With efficient solar charging capability (7-8 hours in sunlight) and multiple power outputs, it's ideal for camping, road trips, and outdoor events.

Key Features

500W AC output for powering various electronic devices

Solar charging capability (7-8 hours to full charge)

Wide operating temperature range: **-10 to 50**

Multiple output options: AC/DC/USB/Type-C

Built-in LCD screen and LED flashlight

Compact and portable design (13.32 lbs)

WiFi app connectivity for monitoring

Comprehensive safety features

Technical Specifications

Parameter	Specification
USB Output	2 × USB-A (5V, 2.4A), 1 × USB-C (5V, 3A)
AC Output	500W
Recharge Time	8 hours (AC), 14 hours (Solar Panel)
In-Car Charging	96W
Inputs	AC/DC/USB/Type-C
Warranty	24 months

Applications

This versatile power station is perfect for:

- Camping and outdoor adventures
- Road trips and RV use
- Emergency power backup
- Outdoor events and tailgating
- Powering tools and equipment at remote job sites
- Charging multiple devices simultaneously

Customization Options

Tailor your power station to meet specific requirements with our customization services:

- Charging temperature: 0 -45
- Recharge time options
- Input/output configuration
- Warranty options
