Introducing the A9 Series LED Headlights – the epitome of HIGH POWER & SUPER-BRIGHTNESS!

With an incredible 150W power and a dazzling 11000LM luminous flux, these headlights redefine road visibility. Crafted from aviation aluminum for the housing, they ensure durability while boasting top-tier heat dissipation, thanks to high-speed mute fans and 2 copper heat pipes.

Equipped with auto-class LED modules and a color temperature range of 5700K - 6500K, they deliver crystal-clear, natural lighting. Compatible with DC12 - 24V input voltage, they offer reliable performance with a start power of $150W \pm 10\%$ and stable power of $100W \pm 10\%$.

Plus, they meet EU ECE R10 regulations and come with perks like super heat dissipation, auto-class power supply, auto-class level LED chips, and customized high-temperature resistance fans.

Elevate your driving experience with the A9 Series – where power meets brilliance!
