

P14 LED Car Headlight Bulbs Your High-Cost High-Performance Solution

Our Product Introduction

for more products please visit us on outdoorpower-station.com

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-OPN-P14

Product Specification

- POWER: 120W
- LUMEN: 18000LM
- CHIP: CSP 3570
- COLOR TEMPERATURE: 6500K
- Highlight: **P14 LED headlight bulbs, high-performance LED car bulbs, P14 car headlight replacement**

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

P14 LED Headlights - High Cost - Performance for Safer Night Driving

Are you still struggling with poor visibility during night driving? The P14 LED headlights are here to be your game - changer!

With a power of 120W, they emit an impressive 18000LM of light, along with a 6500K color temperature that gives you bright, clear illumination, just like daylight. This ensures you can see every detail on the road ahead, making night driving much safer.

Equipped with CSP 3570 chips, these headlights offer excellent performance. They also feature fast startup, so you can get bright light instantly when you need it. Installation is a breeze, even if you're not a car expert.

To keep them running smoothly, there's copper tube cooling and a high - rotary - speed fan. These effectively dissipate heat, ensuring the headlights have a long lifespan.

Don't let dim headlights hold you back. Choose P14 LED headlights for a high - cost - performance solution to enhance your night driving experience. Get yours now!

The graphic features two P14 LED headlights at the top left. To their right, the text 'P14' is displayed in large blue letters, followed by 'HIGH COST PERFORMANCE' in white. Below this is a table with specifications:

POWER	120W
LUMEN	18000LM
CHIP	CSP 3570
COLOR TEMPERATURE	6500K

Below the table are four icons with labels: a power button icon for 'FAST STARTUP', a wrench icon for 'EASY INSTALLATION', a copper tube icon for 'COPPER TUBE COOLING', and a fan icon for 'HIGH ROTARY SPEED FAN'. At the bottom of the graphic is a car with its headlights on, emitting a bright blue light.
