We usually export large quantities to foreign countries. Hope to find more trade partners.

P13TC LED Headlights - Three Color Lights for Versatile Night Driving

Looking for headlights that can adapt to any driving condition at night? The P13TC LED headlights are your perfect choice! With a power of 120W, they provide a luminous flux of 15000LM, ensuring bright illumination. Equipped with CSP 3570 chips, these headlights offer excellent performance.

What makes them stand out is the three color temperatures: 3000K (warm yellow), 4300K (natural white), and 6000K (cool white). Whether you're driving in foggy weather (3000K is great for cutting through fog), on ordinary roads (4300K for a balanced view), or need maximum clarity (6000K for bright, clear light), the P13TC has you covered.

Don't let different night driving situations trouble you. Choose P13TC LED headlights and enjoy versatile and safe night driving. Get yours today!
