

Effortless Charging with HD-BOULT P02 Portable EV Car Charger Compatible with Multiple Standards

Our Product Introduction

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-BOULT-P02

Product Specification

- Output Current: AC
- Output Power: 3.5KW
- Input Voltage: 100-110V
- Protection Rank: IP 65
- Current Adjustable: 16A
- Operating Temperature: -30 - +55
- Highlight: portable EV car charger with multiple standards , HD-BOULT P02 EV charger, portable car charger compatible with EVs

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Introducing HD-BOULT P02: Your Ultimate EV Charging Solution

Are you in search of a reliable, high-performance charger for your new energy vehicle? Look no further than the HD-BOULT P02 EV Charger—engineered in Tianjin, China, to redefine your charging experience.

Key Features That Stand Out

- **Power & Compatibility:** Delivers 3.5kW AC power, compatible with Interface Standards Type 1/Type 2/GB/T—ensuring seamless integration with a wide range of new energy vehicles.
- **Voltage & Current Flexibility:** Operates on 100-110V input voltage, with an adjustable 16A current to match your vehicle's charging needs.
- **Durability & Protection:** Boasts an IP65 rating, making it robust enough for both indoor and outdoor use. It performs flawlessly in extreme temperatures from -30 to +55 .
- **User-Centric Design:** Equipped with LED light indicators for real-time charging status. The 5-meter cable (customizable length available) adds convenience to every charge.

More Than Just a Charger

- **Brand Trust:** HD-BOULT is synonymous with quality and innovation in EV charging solutions.
- **OEM Services:** Tailor the charger to your brand with options for custom LOGO, color, system language, and packaging.
- **Reliability Guaranteed:** Backed by a 24-month warranty, so you can charge with peace of mind.
