

Elevate Your Tesla Charging Experience with the EV Charger and Tesla NACS Connector

Our Product Introduction

for more products please visit us on outdoorpower-station.com

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-BOULT-P02

Product Specification

- Rated Power: 3.5kW
- Voltage: 110V-250V
- Current: 8/10/13/16A
- Frequency: 60Hz
- Protection: IP65
- Temperature: -30 To +55
- Highlight: Portable EV charger with NACS connector,
Tesla charger with fast charging,
EV car charger for Tesla

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Promotional Copy for Tesla NACS EV Charger: Elevate Your Tesla Charging Experience

Introducing the ROKiT EV Charger with Tesla NACS Connector – the definitive charging solution that merges power, Tesla-specific compatibility, and rugged reliability to redefine how you fuel your Tesla.

1. Tailored for Tesla, Built for Performance

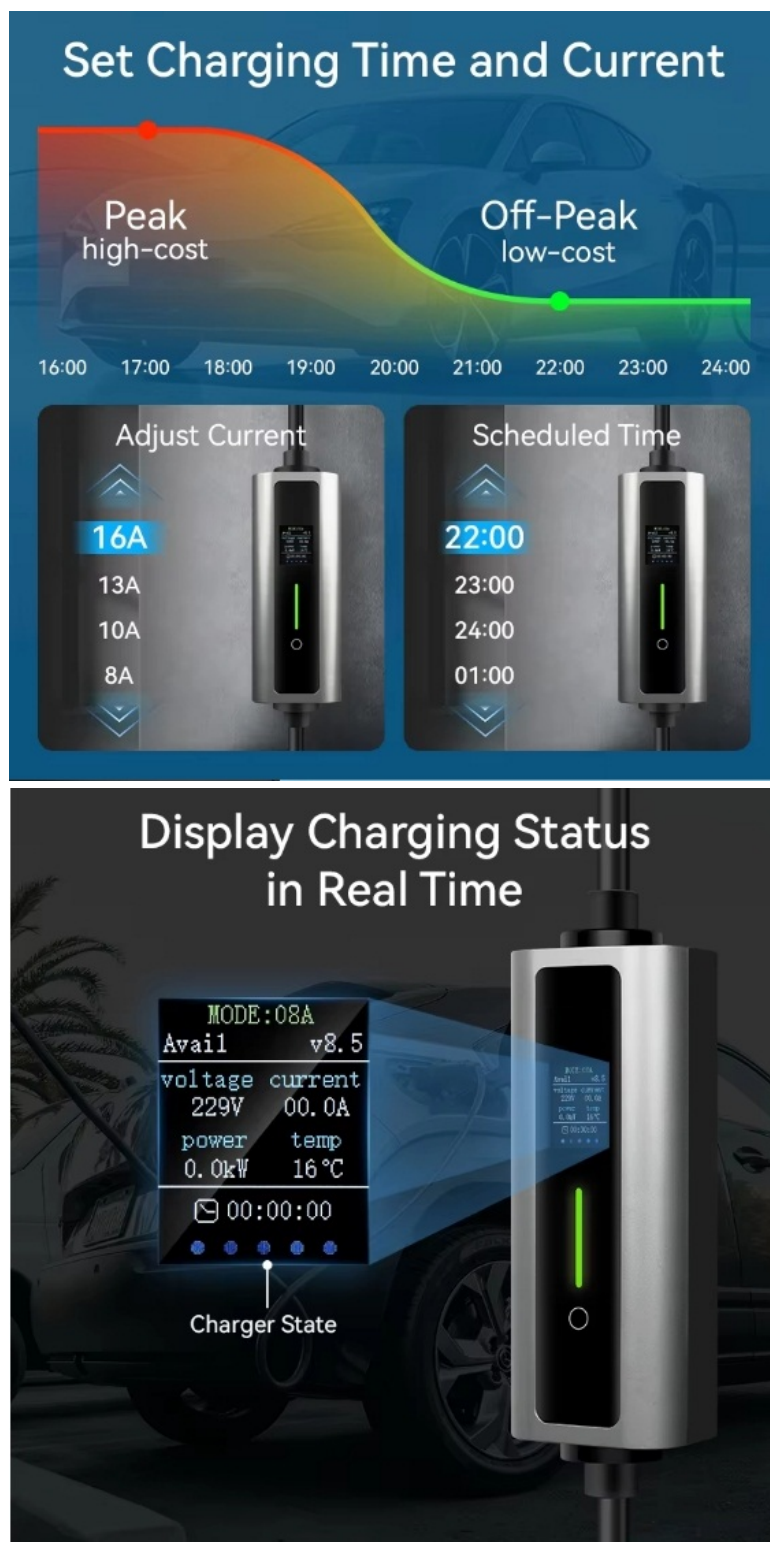

Equipped with a Tesla NACS connector and a Schuko plug, this charger is engineered exclusively for Tesla vehicles. It delivers a 3.5kW rated power with adjustable currents (8/10/13/16A), operating at 60Hz frequency and 110V-250V voltage – ensuring a seamless, efficient charge every time.

2. Durability That Endures Every Condition

With an IP65 ingress protection rating, the ROKiT Charger is shielded against dust, water, and harsh elements. It performs flawlessly in temperatures ranging from -30 to +55, making it ideal for any climate. The 5m cable (constructed with 313AWG+322AWG) offers ample length and robust conductivity for consistent power delivery.

3. User-Centric Design for Effortless Charging

The intuitive interface features clear status indicators, while the 1-phase configuration simplifies setup – whether at home, at work, or on the road. This charger is designed to fit seamlessly into your Tesla ownership journey.
