Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Upgrade Your Home Charging Experience — Fast, Safe, and Affordable

Transform your driveway into a modern home EV charging station with our Portable EV Charger 3.0 — the perfect solution for homeowners seeking convenience, reliability, and value.

Designed for AC Home Charging

Ideal for retrofitting existing outlets or upgrading to faster charging speeds — no complex wiring required.

Plug-and-Play Setup

Simply connect to a standard wall socket (110–240V), plug into your car, and charge overnight. No professional installation needed.

Factory-Direct Pricing with ODM/OEM Support

Get premium quality at competitive prices — ideal for dealerships, installers, and fleet operators looking to scale.

Full Certification & Reliability

Includes TUV, CE, UKCA, FCC certifications and a 24-month warranty — trusted by users across the globe.
