

## Portable EV Car Charger built to handle dust storms monsoon rains and high heat with ip67 waterproof and dust proof design

### Our Product Introduction

#### Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-MWB-T2-3.0

#### Product Specification

- Output Current: AC
- Output Power: 3.5KW/7KW/11KW/22KW
- Input Voltage: 200-220V, 220V
- IP Grade: IP67
- Color: Customized Color
- Application: AC Home Charging
- Highlight: **Portable EV car charger waterproof, Dustproof EV car charger portable, Monsoon rain resistant EV charger**

## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Powering the Future Across Borders – Our Portable EV Charger 3.0 for Belt and Road Nations

As electric mobility accelerates across Asia, the Middle East, Africa, and Eastern Europe, one charger is built to keep pace with your journey: our Portable EV Charger 3.0 (MWB-T2-5M-3.0) — engineered in China, certified globally, and designed for the diverse needs of Belt and Road Initiative (BRI) countries.

### Universal Compatibility for Diverse Markets

From Istanbul to Jakarta, Nairobi to Tashkent, EV standards vary — but your charger shouldn't hold you back.

Supports Type 2 (Europe & Central Asia)

Compatible with GB/T (China & ASEAN partners)

Adaptable to Tesla and Type 1 vehicles via optional converters

One device. Dozens of vehicle models. Seamless charging across borders.

### Flexible Power for Varied Grids

BRI regions feature a mix of 110V–240V residential and commercial outlets. Our adapter adapts intelligently:

Adjustable current from 10A to 32A

Output power from 3.5kW up to 22kW

Stable performance even under voltage fluctuations

Perfect for urban apartments, rural homes, hotels, and fleet depots alike.

### Built for Harsh Climates & Real-World Conditions

Dust storms in Kazakhstan? Monsoon rains in Vietnam? High heat in the Gulf?

IP67-rated waterproof & dust proof housing

8-layer safety protection: over current, leakage, surge, short circuit, and thermal monitoring

TUV, CE, UKCA, FCC certified — meeting international quality benchmarks trusted worldwide

### Ideal for Governments, Fleets & Distributors

OEM/ODM supported: Customize branding, packaging, or plug types for local markets

2-year warranty and technical support in multiple languages

# PORTABLE EV CHARGER 3.0 **NEW**

- LARGE SCREEN WITH HIGH INTELLIGENCE.
- TUV/CE/UKCA/FCC CERTIFIED, SAFE WITH A 2-YEAR WARRANTY.
- SUPPORTS MULTIPLE MODES: TYPE1, TYPE2, GB/T, TESLA.
- COMPATIBLE WITH VARIOUS EV MODELS.
- CUSTOMIZABLE WITH COMPLETE ACCESSORIES.
