## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

# Never Get Stranded Again: The Ultimate TYPE2-J1772 Adapter for Global EV Drivers

For the modern electric vehicle driver, charging infrastructure should never be a barrier to adventure. Our **TYPE2-J1772 Adapter** is the essential travel companion that turns any Type 2 charging station into a compatible power source for your J1772-equipped EV, so you can explore with confidence, no matter where the road leads.

### Travel Without Limits

**Global Compatibility:** Designed to seamlessly connect J1772 EVs to Type 2 charging stations, this adapter eliminates the stress of finding a compatible charger while traveling across Europe, North America, or beyond.

**Perfect for Road Trips:** Lightweight at just 0.35kg and compact in size (172.54×74.82×64.69mm), it fits easily in your glove box or travel bag, ready to use whenever you need it.

✂ **Fast & Efficient Charging:** With a maximum 32A current and 8kW power output, you can charge your vehicle quickly, getting back on the road faster without sacrificing performance.

### Built to Withstand the Elements

No matter the weather or terrain, this adapter is engineered to perform:

**IP54 Waterproof Rating:** Rain, snow, or dusty roads won't stop your charging. The rugged, high-quality material construction ensures protection against the elements.

**Extreme Temperature Resilience:** From the freezing cold of a mountain pass (-30°C) to the sweltering heat of a desert highway (+50°C), it maintains reliable performance in any climate.

**Overheat Protection:** Advanced thermal safeguards prevent overheating, keeping your vehicle and the adapter safe during extended charging sessions.

### Trusted by Professionals, Loved by Drivers

Backed by a 12-month warranty and certified by CE, UL, ROHS, CSA, FCC, and TUV, this adapter isn't just a convenience—it's a commitment to safety and quality. Whether you're a professional EV technician needing a reliable replacement part or a daily driver wanting peace of mind on every journey, our TYPE2-J1772 Adapter is the smart choice for uncompromising performance and universal compatibility.

Don't let charging infrastructure dictate your route. Equip your EV with the adapter that lets you go further, charge faster, and explore fearlessly. Your next adventure starts here.

**Plug & Play Simplicity | Industry-Leading Safety Certifications | Travel-Ready Portability**
