

EV Charger Adapter Compact and Robust Design Suitable for Workshop and Outdoor Charging Environments with IP54 Protection

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: New TYPE2 to J1772

Product Specification

- Rated Current: 32A Max
- Rated Voltage: 250VAC
- IP Grade: IP54
- Power: 8KW
- Work Temp: -30 - +50
- Weight: 0.35kg
- Highlight: **compact EV charger adapter ,
robust EV charger adapter ,
IP54 protected EV charger adapter**

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

The Professional's Choice: TYPE2-J1772 Adapter for Reliable EV Repairs & Replacements

For EV service centers, fleet managers, and professional technicians, reliability isn't just a feature—it's a requirement. Our **TYPE2-J1772 Adapter** is the trusted replacement and repair solution engineered to deliver consistent performance, safety, and compatibility for every job.

Built for the Workshop & the Road

Precision Compatibility: Designed to seamlessly bridge Type 2 and J1772 charging systems, this adapter ensures your repair and replacement work meets OEM standards, reducing callbacks and downtime.

Dependable Power: With a 32A max current, 250VAC rated voltage, and 8kW power output, it delivers the consistent performance needed for reliable charging and diagnostic testing.

Compact, Durable Build: Weighing only 0.35kg and sized at 172.54×74.82×64.69mm, it's easy to store in toolkits and withstands the daily rigors of workshop use.

Safety That Meets Global Standards

IP54 Protection: Waterproof and dustproof, it's safe for use in both indoor workshops and outdoor charging environments, no matter the weather.

Overheat Protection: Advanced thermal safeguards prevent overheating during use, protecting both the adapter and the vehicle's charging system.

Certified Excellence: Backed by CE, UL, ROHS, CSA, FCC, and TUV certifications, it adheres to the strictest international safety and quality regulations—so you can work with confidence.

Your Partner in Service Excellence

We stand behind our product with a **12-month warranty**, giving you and your clients peace of mind. Crafted from high-quality materials, this adapter is built to last, making it the cost-effective choice for fleet maintenance, repair shops, and professional EV technicians.

Elevate your service standards with a charging adapter that's as reliable as your work. Trust the TYPE2-J1772 Adapter to keep your clients' EVs charged, safe, and on the road.
