

Portable EV Car Charger combining high power compact design and automated fault recovery for performance in various markets

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: 3.5KW Portable EV Charger for Type1

Product Specification

- Output Power: 3.5kw
- Input Voltage: 200-220V
- IP Rating: IP66
- Voltage: 220V
- Current: 16A
- Highlight: **Portable EV car charger with fault recovery, Compact high power EV car charger, Automated fault recovery EV charger**

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Portable Power for Every Journey: The A8 TYPE 2 EV Charging Cable

For EV owners who refuse to be tied down by charging infrastructure, our **A8 TYPE 2 EV Charging Cable** is the ultimate portable solution. Designed for on-the-go convenience, this charger delivers reliable 3.5kW AC power, making it the perfect companion for home use, work trips, and cross-country adventures.

Key Performance & Design

Efficient Charging: With a 16A current and 220V input voltage, it provides a steady 3.5kW output, ideal for overnight top-ups or mid-day charging stops.

Universal TYPE 2 Compatibility: Seamlessly connects to all TYPE 2-equipped electric vehicles, ensuring broad usability across different makes and models.

Flexible Length: The standard 3.5m cable offers ample reach, with customizable length options to fit any parking or charging setup.

Durable Construction: Crafted from TPU and copper alloy, it's built to withstand daily wear and tear, while weighing only 2kg for easy portability.

Uncompromising Safety Features

IP66 Waterproof Rating: Fully protected against dust, rain, and splashing water, making it safe for outdoor use in any weather.

Comprehensive Protection Suite: Equipped with static, leakage, lightning, overcurrent, overvoltage, undervoltage, and temperature protection—ensuring your vehicle and charger stay safe at all times.

Reliable Performance: Designed to operate flawlessly, with built-in safeguards that prevent damage from electrical surges or extreme conditions.

Your Go-To Charging Solution

Whether you're a daily commuter, a weekend adventurer, or a fleet manager, the A8 TYPE 2 EV Charging Cable offers unmatched convenience and peace of mind. Its compact design and robust safety features make it the ideal choice for anyone who needs a reliable, portable charging solution.

Don't let charging limitations hold you back. Equip your EV with the A8 TYPE 2 Charging Cable and enjoy the freedom to charge anywhere, anytime.
