

EV Charger Adapter High Capacity 250kW Component Operating from Minus 30 to Plus 50 Degrees Celsius for Industrial and Energy

Our Product Introduction

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-CCS 1-Tesla

Product Specification

- VOLTAGE: 500V DC
- Operating Temperature: -22°F To +122°F (-30°C To +50°C)
- Storage Temperature: 40°F To + 185°F (-40°C To +85°C)
- Packing Quantity: 24PCS
- Gross Weight Of The Entire Box: 16.23KG
- Maximum Power: 250kw
- Highlight: **high capacity EV charger adapter , industrial EV charger adapter , 250kW EV charger adapter**

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

Looking for a robust, high-capacity component that delivers consistent performance in extreme conditions? Look no further—our latest offering is engineered to exceed your expectations.

Boasting an impressive 250kW maximum power and operating at 500V DC, this component is built to handle heavy-duty applications with ease. Whether your setup faces frigid lows of -22°F (-30°C) or sweltering highs of 122°F (+50°C), its wide operating temperature range ensures reliable function. Even during storage, it stands strong in environments from -40°F (-40°C) to 185°F (+85°C)—perfect for global shipping and on-site deployment.

Practicality meets efficiency: each order includes 24 units per package, packed in a compact 185×128×98mm box (gross weight: 16.23KG) for easy handling and cost-effective logistics.

Ideal for industrial systems, energy solutions, and heavy machinery—this component combines power, durability, and convenience in one game-changing package.
