

EV Charger Adapter Provides Durable and Weather Resistant Connection for Outdoor Electric Vehicle Charging Applications

Our Product Introduction

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-TYPE 1-TESLA

Product Specification

- VOLTAGE: MAX 240V Alternating Current
- Current: MAX 80A
- Operating Temperature: -22°F To +122°F"
- Rated Current: 269g
- Packing Quantity: 50pcs
- Total Gross Weight: 14.35KG
- Highlight: **weather resistant EV charger adapter ,
outdoor electric vehicle charging adapter ,
durable EV charger adapter**

Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

For the Tesla Owner Who Demands More: Your All-Weather Charging Solution

Your Tesla 3/S/X/Y is built to go the distance—so should your charging gear. Introducing our adapter: the rugged, reliable choice for every drive.

Unstoppable Power

Handles up to 240V AC & 80A current to deliver fast, consistent charging—whether you're topping up at home (Level 1) or hitting a public station (Level 2). It's tested to perform in -22°F frosts and 122°F heat—no weather will leave you stranded.

Tailored for Your Tesla

No guesswork, no compatibility headaches: it's precision-made for Tesla 3/S/X/Y's standard charging ports. Just plug in and power on—no extra steps, no extra stress.

Lightweight, Heavy-Duty

Weighing only 269g, it slides into your glove box and stays out of the way. For fleets or bulk buyers: 50 units fit in a compact carton (105 8260mm inner box; 53.531.521CM outer carton) that weighs just 14.35KG—simple to ship, simple to store.

This isn't just an adapter—it's a promise: your Tesla stays charged, no matter where the road leads.

**WATERPROOF RATING
IP54**
