

## 250kW Maximum Power EV Charger Adapter with 500V DC Voltage and Wide Operating Temperature Range

Our Product Introduction

### Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-CCS 1-Tesla

### Product Specification

- VOLTAGE: 500V DC
- Operating Temperature: -22°F To +122°F (-30°C To +50°C)
- Storage Temperature: 40°F To + 185°F (-40°C To +85°C)
- Packing Quantity: 24PCS
- Gross Weight Of The Entire Box: 16.23KG
- Maximum Power: 250kw
- Highlight: 250kW EV charger adapter with 500V DC, high-power EV charger adapter with wide temperature range, 500V DC EV charger adapter with warranty

## Product Description

We usually export large quantities to foreign countries. Hope to find more trade partners.

**Looking for a robust, high-capacity component that delivers consistent performance in extreme conditions? Look no further—our latest offering is engineered to exceed your expectations.**

Boasting an impressive **250kW maximum power** and operating at **500V DC**, this component is built to handle heavy-duty applications with ease.

Whether your setup faces frigid lows of **-22°F (-30°C)** or sweltering highs of **122°F (+50°C)**, its wide operating temperature range ensures reliable function.

Even during storage, it stands strong in environments from **-40°F (-40°C)** to **185°F (+85°C)**—perfect for global shipping and on-site deployment.

Practicality meets efficiency: each order includes **24 units per package**, packed in a compact **185\*128\*98mm box** (gross weight: **16.23KG**) for easy handling and cost-effective logistics.

Ideal for industrial systems, energy solutions, and heavy machinery—this component combines power, durability, and convenience in one game-changing package.

Fast Charging

Perfect Fit

Durable Material

## Plug & Play Easier to Use

## Premium Materials Sturdy and Durable
