

EV Charger Adapter with 250kW Maximum Power and 500V DC Voltage for Wide Temperature Range (-30°C to +50°C)

Basic Information

- Brand Name: TIANJIN TOEC HUADIAN TECHNOLOGY CO., LTD
- Model Number: HD-CCS 1-Tesla

Product Specification

- VOLTAGE: 500V DC
- Operating Temperature: -22°F To +122°F (-30°C To +50°C)
- Storage Temperature: 40°F To + 185°F (-40°C To +85°C)
- Packing Quantity: 24PCS
- Gross Weight Of The Entire Box: 16.23KG
- Maximum Power: 250kw
- Highlight: 250kW EV charger adapter, 500V DC EV adapter, wide temperature EV charger adapter

Product Description

EV Charger Adapter High Capacity 250kW Component

We export large quantities internationally and seek additional trade partners for this high-performance industrial component.

Exceptional Performance in Extreme Conditions

Engineered for demanding applications, this robust component delivers consistent operation across extreme temperature ranges while maintaining high power capacity.

- Maximum Power: 250kW
- Operating Voltage: 500V DC
- Operating Temperature Range: -30°C to +50°C (-22°F to 122°F)
- Storage Temperature Range: -40°C to +85°C (-40°F to 185°F)

Packaging & Logistics

| | |
|--------------------|------------------|
| Units per Package | 24 units |
| Package Dimensions | 185 * 128 * 98mm |
| Gross Weight | 16.23KG |

Compact packaging ensures easy handling and cost-effective logistics for global shipping and on-site deployment.

Applications

Ideal for industrial systems, energy solutions, heavy machinery, and other demanding applications requiring high-capacity power components.
